LATEST INNOVATIONS

Sustainable Signs

- Bamboo Signs
- E-Sign / E-Art

To offer sustainable alternatives that reduce environmental impact while maintaining high-quality design, bamboo signs and e-signs are being introduced. This way, we attempt to meet the growing demand for eco-friendly solutions.

New Fixings

- Thin-head distance holders: Minimal visibility for a refined finish
- Wall-ceiling panel grippers: Slimmer design, modern aesthetics
- Suspension kit mini: Compact design for a stable hanging display
- Sign supports: Versatile mounting options for creative signage

Black Sign Solutions

- I-Sign: Timeless favourite wayfinding system, now in black
- Strato: Classic wayfinding solution goes fully black
- Textile: New look with black anodised frames
- Fixings: Sleek, thin, and now in black anodised

Customised Signs

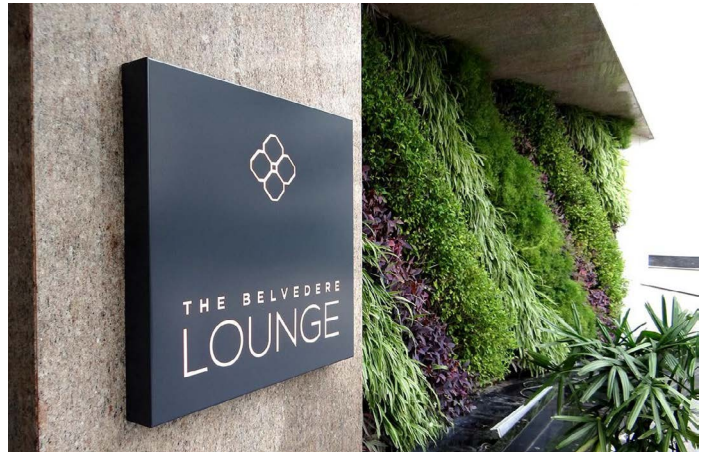

- 1 GRAPHIC DESIGN PROVIDED BY CLIENT
- 2 TECHNICAL DRAWING PROVIDED BY COSIGN
- 3 PRODUCTION OF CUSTOMISED SIGN
- 4 INSTALLATION ON LOCATION

- Channel Letters
- Lightboxes
- Totem Pylons
- Special Constructions
