

Expolinc solutions.

Exhibit smarter.

– *The Flexibility* –

– Several solutions from the same frames –

The **same frames** and profiles can easily be used for **different solutions**, i.e. areas/environments.

6 x 4 m

7 x 3 m

3 x 3 m

3 x 3 m

3 x 3 m

– Several solutions from the same frames –

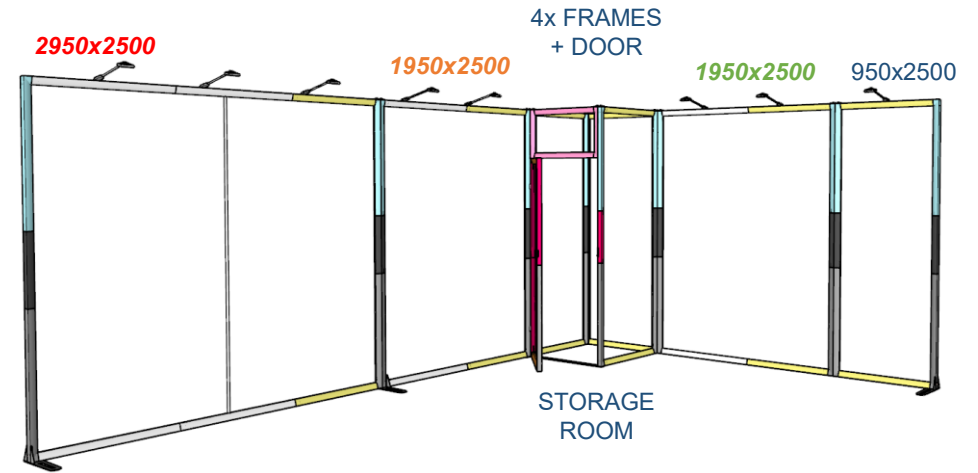

How each solution is set up using the different frames.

6 x 4 m

[w x h]

[mm]

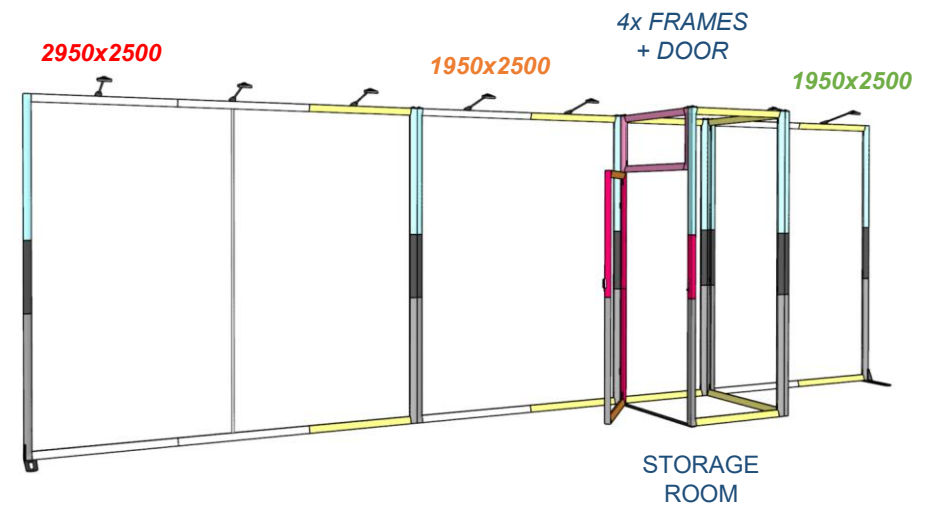

7 x 3 m

[w x h]

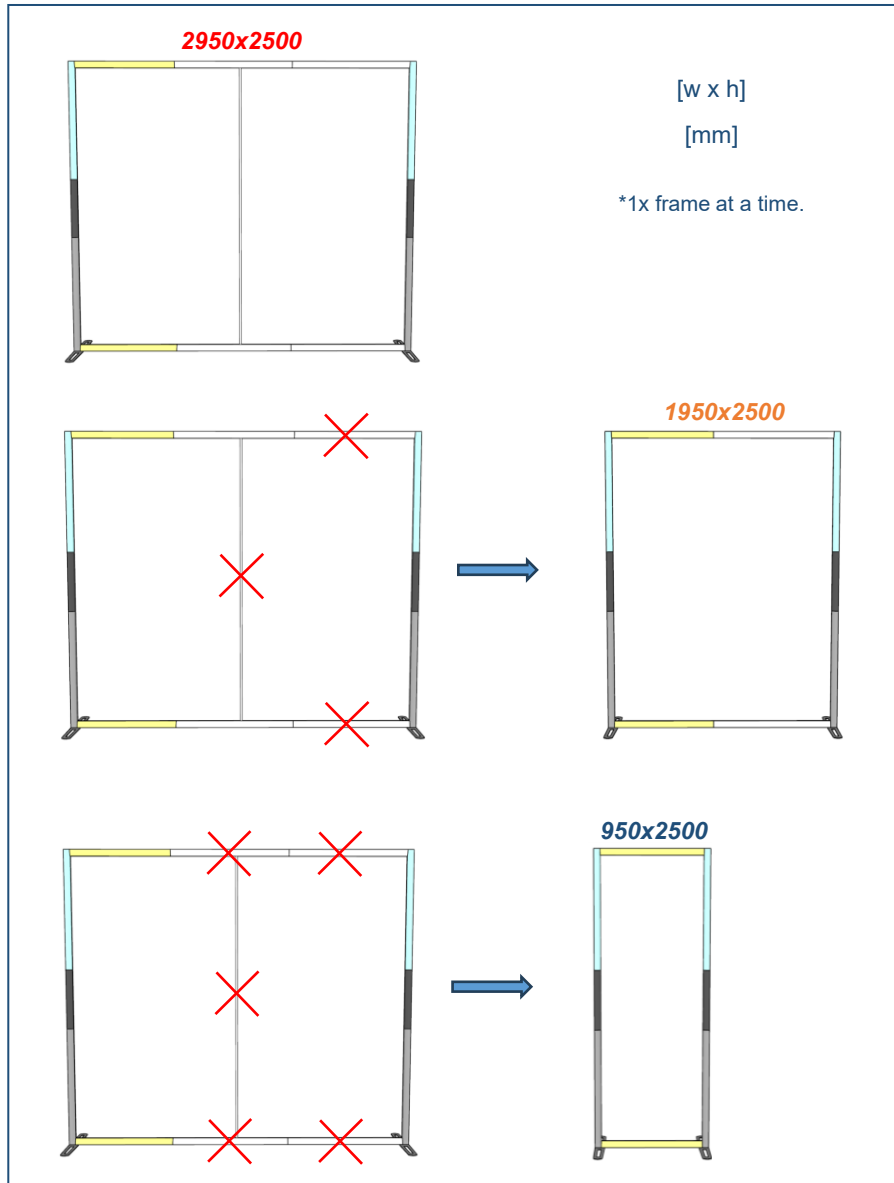

[mm]

– Each frame can be different dimensions –

By **removing** profiles within each frame, you can create different dimensions for each frame.*

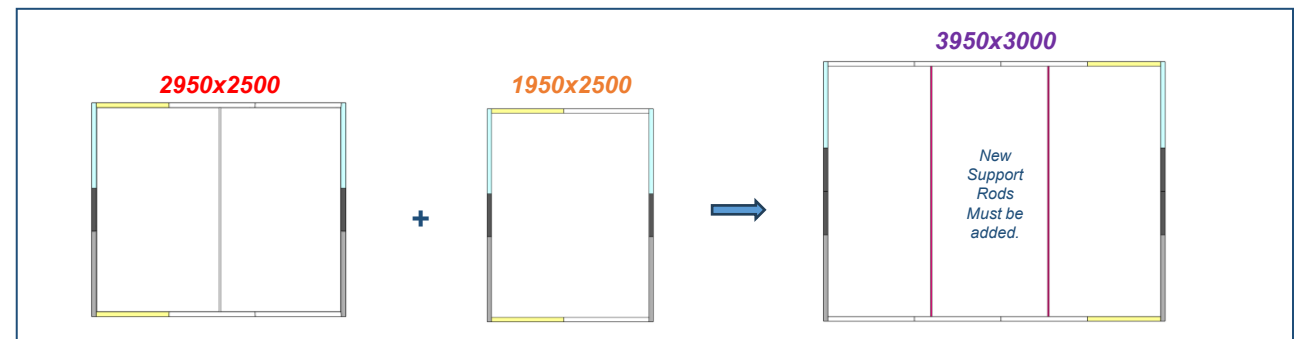

By **rearranging** the profiles within each frame, you can create more dimensions of each frame.*

Example:

1x 2950x2500 mm (wxh) frame can be 13x different variations of frame dimensions*, using the same profiles as used within the "base frame".

When having several frames, you can **"borrow"** profiles between the frames to **create bigger frames!**

– Several solutions from the same frames –

The same frames and profiles can easily be used for different solutions, i.e. areas/environments.

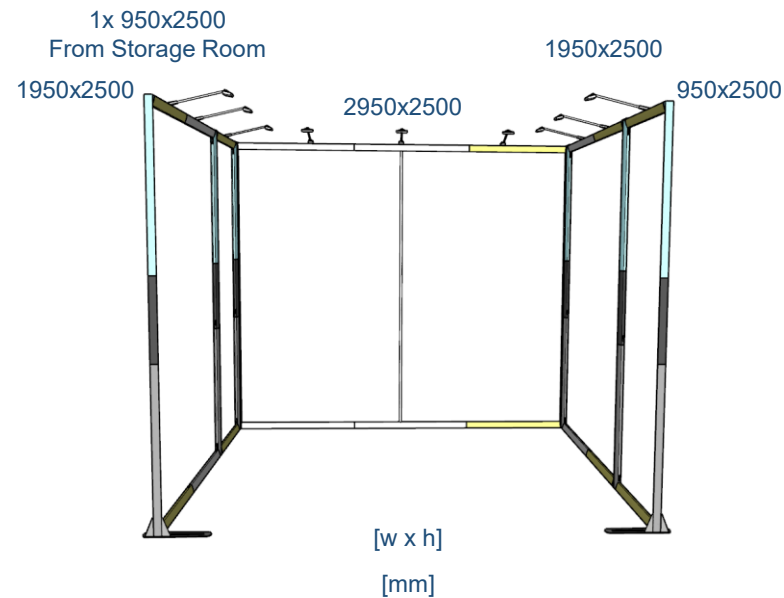

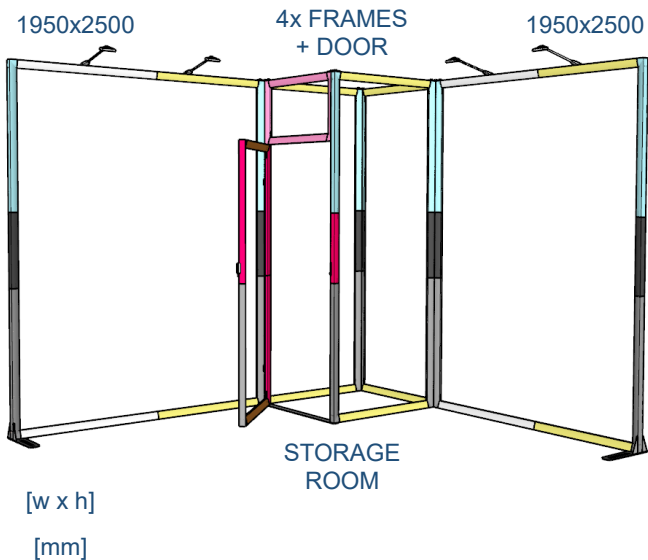

3 x 3 m

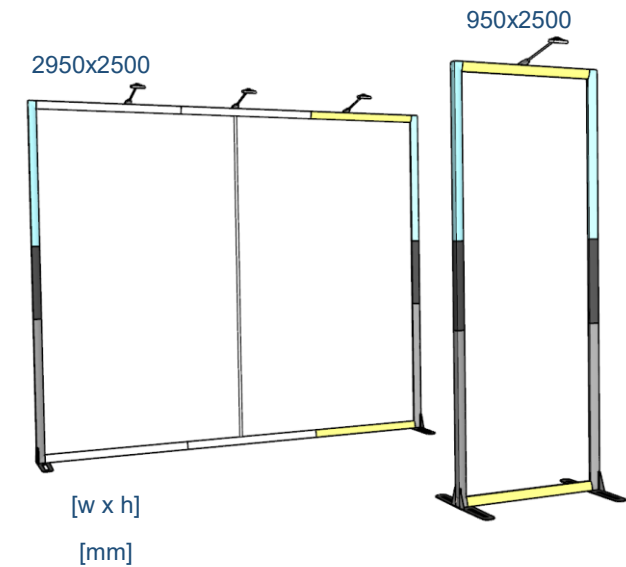

3 x 3 m

3 x 3 m

[w x h]

– The packing –

*All frames, incl. the Storage Room, can come with **Nylon Bags with wheels**.*

For the example solution in this presentation, you will need 6x Nylon Bags with wheels.

CF 950x2500 mm

CF 1950x2500 mm

CF 2950x2500 mm

CF 2950x2500 mm

STORAGE ROOM

STORAGE ROOM

Inside the Nylon Bags, the profiles come **standard** in **cardboard** boxes.

You can **add Inner Bags** for the profiles
(**extra accessories**)

– The packing –

Optional hard case with wheels – The Standard Case XL.

*Add /replace the Nylon Bags w/ wheels with **Standard Case XL**.*

With Accessories, turn the Standard Case XL in to a **desk/podium**.

The podium can become 2 different heights, 960 mm or 1190 mm, by using, or not using, the hard lid.
